

## SPREADING GOOD CHEER IS GREAT BUSINESS!

The simple act of raising a glass has been a tradition carried out through the ages. Dating back as early as the 17th century, "the toast" represents our desire to wish those around us good health, happiness and good fortune. Over 50 years ago, we added our own twist to this time-honored tradition, by including custom greetings directly to the wine label, a practice we have been honing ever since. Today, we proudly offer a variety of custom and etched label designs and services, to allow you to represent your brand to the fullest.

As you begin preparing for your customer appreciation events and the holiday season, we hope you will allow our team of expert wine consultants to help you select the perfect award-winning or premium appellation wine as your gift of good cheer.

Regards,

*Jonathan Kesser*
